HIL041 experiment (S.Kliczewski, A.Rudchik - ICARE) will be assigned to the first possible date in 2016, unless one of the allocated two weeks experiments for the first half of 2015 is released (for instance 16-27/02).

HIL055 (5) - experiment will be conducted between 15 and 17 of July (3 days) or alternatively moved to the beginning of 2016 (5 days).
HIL034 (2014) Between 13/07 - 15/07 an additional run is planned for Perkowski-Andrzejewski experiment (14N+3, 6,4 MeV/A, 5pnA)
